# ONLINE GROCERY DELIVERY SYSTEM

Yamil Diaz

# ABOUT US

The Online Grocery Delivery System allows customers to order groceries online and have them delivered to their homes. The system connects customers, store managers, and delivery staff through one platform. Customers browse items, place orders, pay online, and track their deliveries in real time. Store managers manage product listings and inventory, and delivery staff update delivery statuses.

Checkout & Pay (UC4)

Delivery Address:  
123 Main St

Card Number:  
1111 2222 3333 4444

Confirm Payment

Payment successful! Your Order ID: 1

Track Order (UC5)

Enter Order ID:  
1

Track

Current Status: Out for Delivery

# FEATURES

## Sign up or Log in

Customers securely create accounts and access dashboards

## Browse Products

View categories, apply filters and search items easily

## Add to Cart / Checkout

Add products, confirm details, and pay using credit/debit cards

## Track Orders

Follow delivery progress from Confirmed to Delivered.

## Manage Products

Managers can add/edit/remove products and monitor orders

## Update Delivery

Staff can mark pickup, delivery, and notify customers in real time

# SYSTEM BENEFITS

Saves time for busy customers and supports those with mobility issues

Provides real-time order tracking and reliable delivery updates

Streamlines inventory and order management for store managers

Uses modern technology stack (React.js, Django, MySQL, Stripe, Google Maps API)
